ENGINEERING PROGRESS. BUILDING NIGERIA.

KADEX Express Limited

Civil engineering, construction and infrastructure development.

Academic Building, Technical University Ibadan

Strong foundations. Lasting impact.

KADEX Express Limited is a Nigerian civil engineering, construction and infrastructure development company. Our work spans institutional buildings, roads, drainage and essential infrastructure.

We combine practical engineering, clear communication and coordinated project delivery, with quality, safety and integrity at the centre of our approach.

CAPABILITIES & CONTACT

Built around your project.

Our expertise

- Building construction
- Road and bridge construction
- Structural design
- Drainage systems and earthworks
- Project management and site supervision
- Engineering consultancy and procurement

How we work

Understand the brief and site requirements. Plan the engineering approach and project resources. Coordinate construction, supervision and quality control. Review the completed scope and prepare for handover.
